CPP-4 PIECES

*Note: Every piece marked "*must purchase" means that the sheet music PDF is not provided due to copyright law. In some weeks, there is an alternative (free) choice, and/or an older copyright-free piece. Please refer to the "Book List" document for details on where you can purchase these pieces, including the copyright-free selections if you're interested in growing your music collection. All supplemental pieces except for one come from Bell's "A Garden Notebook" and Sideris' "24 Days of Music." Since I have a studio license for these pieces, you can learn them freely, though I encourage you to purchase the PDF if you enjoy the collections.*
